

MOTION BY SUPERVISOR MICHAEL D. ANTONOVICH

MARCH 24, 2009

Carousel Ranch proposes the continued operation of a riding academy with equestrian arenas and a riding academy for disabled children. Since late 2005, when the Director of Regional Planning issued a clean hands waiver, there have been no community complaints other than from the appellant. After considering staff and public testimony, the Regional Planning Commission unanimously approved the project.

I, THEREFORE, MOVE that the Board of Supervisors:

- Close the public hearing;
- Indicate our intent to deny the appeal; and
- Direct County Counsel to prepare the findings and conditions for approval of the project and bring back to a future Board meeting.
